Sandy Allen  
FinCor Solutions  
6215 W. St. Joseph Highway  
Lansing, MI 48917

To Whom It May Concern:

I am writing this testimonial to acknowledge the high performance of Sandy Allen, a loss prevention consultant for Fincor Solutions. We have been working with Sandy for about four years and have been very satisfied with the services she provides.

Sandy is extremely passionate about safety and loss prevention. Sandy's passion and enthusiasm are very evident in her presentations, site visits, and our frequent discussions over the phone. The information she provides is well researched and always reliable, making my job much easier.

Along with Sandy's expertise in her field, she also has great customer service skills. She is dependable and always jumps at the opportunity to assist us. Sandy makes it feel like we are at the top on her list of priorities. It is rare to find a consultant that can perform to Sandy's high standards.

The managers at our facility have taken advantage of several of the programs offered by Fincor Solutions. The Health & Safety Management series was first rate, and the JHA programs available on eConsultant are very helpful as well.

If anyone has any questions regarding Sandy Allen's services or FinCor Solutions' loss prevention program, please feel free to have them contact me.

I look forward to continuing our relationship with Sandy Allen and Fincor Solutions.

Sincerely,

Dave Eilers  
Director of Plant Operations  
Safety Director
